ADVISORY No. 125
Series of 2021

Entry of Fully Vaccinated Domestic Workers to Hong Kong

Further to POEA Advisory No. 107, Series of 2021, the Hong Kong government announced that starting on August 30, 2021, domestic workers who were fully vaccinated in the Philippines are now allowed to enter and work in Hong Kong.

All domestic workers who were fully vaccinated in the Philippines must present the following documents at boarding for a flight to Hong Kong:

- (a) a recognized vaccination record issued by Philippine authorities (samples are in Annex 1). Records in other formats will not be accepted;
- (b) a valid employment visa for Foreign Domestic Helpers (FDH) issued by the Immigration Department (ImmD) of Hong Kong;
- (c) proof of a negative result of a polymerase chain reaction-based nucleic acid test for COVID-19 with specimen collected within 72 hours before the scheduled time of departure of the aircraft; and
- (d) confirmation of room reservation at a Designated Quarantine Facility (DQF) for not less than 21 nights starting from the day of arrival in Hong Kong (the facility list is in Annex 2).

The Hong Kong government also reminds domestic workers to strictly adhere to the boarding and quarantine requirements. If a domestic worker is not able to meet the relevant requirements, the domestic workers will not be allowed to board for Hong Kong or may be denied entry upon arrival.

For the information and guidance of all concerned.
